## FUTURE OF G.G.S

One of the key success factor in the world of constant & rapid change is to provide the child with rich & simulating learning environment. This encourages students to kindle their imagination & take up greater challenges. This approach leads them to explore their potential in different ways of life.

The curriculum involved learning through observation, experimentation & first hand experience thus developing the creative & Intellectual faculty of the child`s language skills are developed well with the help of activities like stories, conversation, unformed talks dremities auditory.

Above all the school concentrates on building the self esteem of the child through unconditional love & positive encouragement. At the same time a strong set of values such as responsibility, respect, honesty, self control & courage are imbibed through constant guidance, prosenal attention, care & concern, G.G.S maintains an optimum teacher to child ratio P.G to SR.KG 1:15 & 1st to 10th 1:30. The school firmly believes that education is empowerment.
